

Group Financial Controller

Quickline Communications

Group Financial Controller

At Quickline we are embarking on our biggest journey yet! Having recently partnered with Canadian private equity investor, Northleaf Capital, over the next few years we will bring affordable and reliable Superfast internet and associated services to 100% of homes, businesses and equipment within our rapidly expanding coverage area.

Come and join us in our mission to connect over 500,000 rural premises in the coming years by expanding our gigabit capable, next-generation hybrid network. Come and help us to reduce the digital divide and connect rural communities with 5G technology. With a recent significant investment we are a small company with a big heart and even bigger plans!

As part of our big plans, we are growing our teams from 60 people to 200 by March 2022 and then to 400 by 2025!

About the Group Financial Controller job...

This new role offers a great opportunity to take ownership of and lead a finance function within a fast paced growing business through what promises to be an exciting period, with significant exposure to a broad range of activities. If you can delve into the detail and balance that with strategic thinking, and you are looking to work in an evolving company where you can really make your mark, then this could be the role you are looking for.

If you're ambitious and really want to progress your career, we'll offer you a great salary, a chance to work with wonderful people and the opportunity to work in a really clever way armed with innovation and technology. You'll have the flexibility to work from home, or the office, to suit your personal life but it's likely you'll be in our Hessle office 2 or 3 days per week.

This role reports into the CFO Julie, who sees this role as vital to Quickline's success.

Here are just a few reasons why you are going to love this role...

- Working closely with our CFO to shape our strategy, build our financial reporting suite as well as developing and progressing the finance department. You will also be addressing technical accounting queries and will optimise statutory entity structure in line with corporate strategy.
- Oversee the accounting department and take responsibility for the structure, processes and workloads ensuring they are adequate for achieving the department's goals and objectives
- Monitoring and controlling all aspects of our financial management, accounting systems, and processes using innovation, technology, and dashboards
- Producing annual company statutory financial statements for all businesses across the group and delivering the group annual report and financial statements, completing financial statements to Group timescales. Coordinating the preparation of the Year End Reporting Packs and Tax Packs.
- Manage and take full ownership for accuracy of the P&L and balance sheets and provide day to day leadership and development of the finance function.

Here's why you are going to be great in this role...

- You are already ACA/ACCA/CIMA qualified and have significant post qualification experience

- You have sound accounting knowledge / experience and have a good depth of exposure to group accounting and therefore comfortable preparing consolidated financial statements (covering P&L, Balance Sheet and Cashflows)
- Understanding of financial reporting under UK GAAP
- Experience of private equity preferred but not essential
- You will have already had experience partnering with teams outside of core finance

Location

Hessle office / part remote working options

Hours / work pattern / flexible working options

This is a full time role, but of course we will always consider flexible working options as we know work life balance is important and we want our teams to be able to flourish.

Please note, unfortunately we are unable to offer visa sponsorship.

About Us

We believe everyone should be able to access fast reliable Ultra-fast internet, and we are proud to enable our customers to do this.

Here is the mission we are on here at Quickline:

- Ultra-fast Anywhere - to bring affordable and reliable Ultra-fast internet and associated services to 100% of homes, businesses and equipment within our rapidly expanding coverage area.
- 100% Uptime – to make constant high availability connectivity available to businesses where the internet is mission critical.
- Made to Measure – to design and build services in wireless broadband and data, fixed telecoms and connectivity to suit the specific situation rather than the other way round.

There are currently 60 of us, encompassing infrastructure, installations, sales, projects, customer support (both 1st and 2nd Line Technical support), call centre operations (3rd party), finance, IT and HR. We have a great team who have fun whilst delivering great customer service.

We aim to provide an exceptional level of customer service, first time, every time. You will be reporting directly to our Operations Director, Mark, who sees this role as vital to Quickline's success.

This is a very exciting time to join our business, if we sound like the team for you then apply now, we would love to hear from you!

Please send your CV with covering letter to cv@quickline.co.uk
