

Project Manager Quickline Communications

Project Manager

At Quickline we are embarking on our biggest journey yet! Come and join us in our mission to connect over 500,000 rural premises in the coming years by expanding our gigabit capable, next-generation hybrid network. Come and help us to reduce the digital divide and connect rural communities with 5G technology. With a recent significant investment we are a small company with a big heart and even bigger plans!

As part of our big plans, we are growing our teams from 60 people to 200 by March 2022 and then to 400 by 2025!

About the Project Manager job...

We are expanding our PM team here at Quickline. This is a fantastic opportunity for an experienced Project Manager to join us as we grow. We need Project Managers to help us to reduce the digital divide in the UK by achieving our target of connecting 500,000 premises in the coming years. This role reports into the Operations Director, Mark, who sees this role as vital to Quickline's success.

If you are a project manager and want to develop your career in a fast growing company that really makes a difference then look no further!

Here are just a few reasons why you are going to love this role...

- You will organise, track and align the different elements that make up a build to ensure lead times are predicted and achieved
- Working on critical deadlines you will help us to achieve our goals
- Working in a growing team you will be able to really make your mark in this new role
- You will be managing tender processes
- Working with internal stakeholders and contractors to keep us on track

Here's why you are going to be great in this role...

- You have extensive project management experience already
- Experience in the telecoms industry would be great
- Agile, Prince 2 or equivalent will help you to succeed
- You have great presentation skills

Location

Hessle office / part remote working options

Hours / work pattern / flexible working options

This is a full time role, but of course we will always consider flexible working options as we know work life balance is important and we want our teams to be able to flourish.

Please note, unfortunately we are unable to offer visa sponsorship.

About Us

We believe everyone should be able to access fast reliable Ultra-fast internet, and we are proud to enable our customers to do this.

Here is the mission we are on here at Quickline:

- Ultra-fast Anywhere - to bring affordable and reliable Ultra-fast internet and associated services to 100% of homes, businesses and equipment within our rapidly expanding coverage area.
- 100% Uptime – to make constant high availability connectivity available to businesses where the internet is mission critical.
- Made to Measure – to design and build services in wireless broadband and data, fixed telecoms and connectivity to suit the specific situation rather than the other way round.

There are currently 60 of us, encompassing infrastructure, installations, sales, projects, customer support (both 1st and 2nd Line Technical support), call centre operations (3rd party), finance, IT and HR. We have a great team who have fun whilst delivering great customer service.

We aim to provide an exceptional level of customer service, first time, every time. You will be reporting directly to our Operations Director, Mark, who sees this role as vital to Quickline's success.

This is a very exciting time to join our business, if we sound like the team for you then apply now, we would love to hear from you!

Please send your CV with covering letter to cv@quickline.co.uk
